Dear Mr. Bennett:

I am writing in behalf of a constituent of mine, [redacted] B6 who has reason to believe that her daughter and three children are among the deceased from Guyana. As instructed by your office, my office obtained the following information about [redacted] daughter and children.

[redacted] thinks her daughter could go by one of four names. They are: [redacted] B6

The children, she thinks, go by one name although they were fathered by three different men. The children's names are: [redacted] B6

The mother, Carol Ann, was born December 14, 1948 which would make her 31 years old. Physical identifying features are as follows:

Carol Ann: dark brown hair
brown eyes
small bone structure
upper dentures
one eyebrow arched higher than other
one bent finger
a lump on right side of head above temple
5'4"; 116 lbs. (2)

[redacted] informed us that there are no dental records in her possession. She indicated that the last dental work done was administered by the Crescent City welfare office in California. Her daughter has been missing for 3 years and she has enlisted the help of the California police, however their efforts have been unsuccessful. The last correspondence from Carol Ann was receipt of a Mother's Day gift of a rose which was sent from Willows, California. B6

I would appreciate any information you can provide me on this matter.

With best wishes,

Sincerely,
